PROTECT YOUR HOME AGAINST CARE HOME FEES - PREPARE FOR THE FUTURE.

In the UK approximately 1 million people reside in care homes. This amounts to around 1 in 60 of the total population, but it is concentrated around the older generations. As many as 1 in 4 people will require care during their lifetime. This could be you.

If your assets exceed £23,250 then you can expect to pay for your own care. The cost is typically in the region of £21,000 to £35,000 per year. Once your assets have been taken below the £23,250 threshold you will not be required to pay for care thereafter.

No doubt you would like your family to benefit from the assets that you have worked hard to collect. The truth of the matter is that they can, provided you get the right advice at the right time.

You need to choose an advisor with experience and expertise with a proven track record.

Our Property Will Trusts are designed to protect at least a one half share of

your home where one partner dies and the other requires residential care.

Alternatively we offer Property Protection Trusts for those who wish to try and protect their assets more aggressively. In our experience this can lead to your entire estate being out of the reach of the state.

There are cheap alternatives and many companies offer products similar to our Property Will Trusts or Asset Protection Trusts, but you will find that either the prices are not quite what they seem or the quality of documents and service is just not there - You get what you pay for and there is no substitute for quality.

Ilett and Clark do not cold call either at your door or by telephone. We do not take deposits for our fees. Instead we are an established firm of solicitors with a reputation for providing a quality and friendly service.

Ilett and Clark Solicitors have one of finest teams to advise on this complicated area.

Tom Sorby LLB(Hons) PGDip TEP is a Solicitor and a STEP practitioner experienced in drafting documents that will protect your assets and he has a proven track record for challenging local authorities on financial assessments and the fees that they charge. Tom is also a member of Solicitors for the Elderly.

WHAT IS STEP?

This is an internationally recognised qualification awarded to the few experts who excel in advising clients on matters relating to inheritance, asset protection and trusts.

Should you instruct Ilett and Clark to act for you in the preparation of a will or in safeguarding your assets having seen this advert we will give you a 5% discount against our normal fees for these services.
